The Tuesday, January 31, 2012 program was brought to us by Program Chairperson and President, Vickie McGinnis.

Vickie introduced one of our newest members to the club, **Thomas Sisco** as our guest speaker. Tom and his wife Erin own M & M Land Surveying Service, Inc. located at 806 E. Main Street, next to the former Sonic Drive-In. M & M Surveying name comes from Dave Monroe and Terry McCanless, original owners of the business. This company is a second generation business. Thomas advised that all has not been easy owning surveying business during the difficult times in the housing industry. They were very busy from 1995 to 2003 but then the bottom fell out and Tom and Erin had to cut all the employees, a task that had to be very difficult, even heart breaking. Now things are much better and have been able to expand his business and hire additional people. I believe we all admire individual business owners and especially since he is now one of our own members. Welcome Thomas Sisco and keep up the good work. We wish you all the best.
