The Secretary read the minutes of the May Board meeting and hearing no changes they were approved as read by President Marti.

The Treasurer's report was given by Steve as a printed handout and a brief explanation by him about the month's financial standing. It was noted that the Service Account had a balance of \$1,223.63 and a Administrative Account with a balance of \$9,528.20.

The Star award committee has met and selected a winner which will be announced at next Tuesday's meeting by member Nathan Preston. That winner will be requested to attend the meeting to receive the deserved recognition.

There were no other committee reports.

**Old Business:**

President Marti reported that we have received an offer from Westbrook & Co., PC to file our delinquent tax exempt status request. The normal cost for this service is \$800. Marti received news that Westbrook & Co., PC would do it for us at a cost of \$100.

There was considerable amount of discussion informally about concerns individuals have about possible changes which might help us increase our attendance such as meeting at a different time of day perhaps once per month especially for those who are unable to meet at noon. Later in the summer we will be toying around with the idea of possible changes.

Having no other business, the meeting adjourned.

**Winner of today's 50/50 Pot: Mac Proffitt.**
