November 20, 2012 Kiwanis: " Changing the world one child and one community at a time." J. McCarter, Secretary

The meeting was called to order at the 19th Hole Restaurant by President Marti Cowherd with a Year's record of 25 members present. Also present were 2 guests: Peggy Hackett of JP's a guest of Jerry, and requested help with her grandson's expenses to go to Washington DC. The club passed the "hat" and collected \$102 for Chandler.

Steve led the song; **Troy** led the Pledge and **John Johnson** the Prayer.

Announcements: **Marti** updated us on longtime member, **Levan Thurman's** condition. Levan entered St. Luke's hospital Sunday after a fall which broke his hip at the ball joint. Marti advised a get well card had been sent in the name of the Kiwanis Club by our secretary. He will also be receiving flowers to cheer him up from the club. Our Spiritual Chairman, **John Johnson**, has advised us today that anytime you know of a member in the hospital to please advise him so he can take the appropriate action in the name of the Club. President Marti has appointed him to chair the Spiritual Needs Committee.

In another announcement, we were advised that Lt. Governor Gruber from Marshall will be visiting us in early December.

Jim Rippy advised us about the Kiwanis Star Award that can be awarded to any citizen other than a Kiwanian. He requests that if you wish to nominate a deserving person to please write up a short biography on that person. That person will receive recognition and possibly a certificate or plaque. This is normally done by most clubs on a quarterly basis.

Marti also passed around a sign-up sheet for collecting for the Salvation Army which will be, Saturday, December 8th. There are still some open times as we have 2 doors to cover with volunteers.

Sergeant at Arms, Bob Swafford assessed the following fines: **Missed meetings:** Bryan McMahon, Mac Proffitt, Troy Pyle, Jimmy Carter, Chris Brown, John Johnson, Jim Rippy, Patty Walker and Brandi Claypole. **Badge Violation:** Steve Meyer & Jerry McCarter.

Picture/name in the paper: Judge Miller, Bob Swafford and Jimmy Carter.

Phone Violation: Chris Brown

Other Fines: Marti for turning grandmother, Nathan for winning the 50/50 pot last week and Ron Brohammer for talking business at the meeting.

Terry Dickey, guest speaker for today. Terry works as City Director of Recreation

Terry does a lot for the City of Richmond, some of which he is paid for. He is a City employee but it just doesn't stop there. He is a lifetime member of the All Sports Club. The physical condition of the Tom Adams Football Field concerns him especially the visitor side bleachers. They are too old, too low to see over their players and need to be replaced. I rather suspect Terry will find a way to get them replaced and many other contributions that need to be made to the community.

Today's Lotto winner was: Patty Walker
